

# FIELD OPTICS CARE KIT

The **Field Optics Care Kit** is a complete tactical field maintenance package designed to prevent damage to mission critical optical devices when being cleaned.

The use of proper cleaning supplies and techniques contained in the **Field Optics Care Kit** insures that mission critical optics will be fully operational when needed.

Use the **Field Optics Care Kit** to keep lenses and coating in peak performance condition, free from dirt, smudges and scratches.

## The Field Optics Care Kit is used to maintain:

Eyeglasses  
Ballistic Eyewear  
Binoculars  
Spotting and Telescopes  
Rifle Scopes  
Night Vision Devices  
Thermal Imagers  
Range Finders  
Camera Lenses
