## Exotic Big Game Hunts - Custom APO Rifle Experiences

The sense of peace and tranquility which accompanies venturing into the woods, mountains, or bush is addictively primal. Anyone spending time hunting in the great outdoors re-discovers a part of themselves previously lost to the rigors of daily life. The sheer excitement of big game hunting is inspirational! Adventure is in our blood! Without question we grow and find happiness the more we challenge ourselves with such adventure. As John Muir said, "Keep close to Nature's heart... and break clear away, once in a while, and climb a mountain or spend a week in the woods. Wash your spirit clean." Whether your next hunting adventure with a fine rifle is in a high wall tent in the back country or a log cabin surrounded by good friends in front of a roaring fire, you owe it to yourself to savor a true hunting experience and cherished memories... ***Come... Join Us!***

### American JÄGER Classic All Weather Premium Hunting Rifle

The American JÄGER Rifle is a classically designed precision hunting rifle built with precision machined stainless steel actions, match grade barrels and advanced technology premium grade wood stocks. Each JÄGER Rifle is hand-crafted by Ashbury's experienced ordnance team lead by USMC trained gunsmiths, armorers and proud American craftsmen to deliver exceptional ½ MOA down range performance.

JÄGER Rifles are built on premium hybrid wood-alloy rifle stocks that feature an aerospace-grade chassis embedded inside premium-grade English and exhibition-grade Turkish walnut rifle stocks. Custom JÄGER Rifles are available in 25 different short and long action cartridges and in right or left hand configurations.

*"If your recent hunts have not met your expectations or you want to enjoy a tremendous first time hunting experience, grant us the opportunity to take you afield."*

Steve Rann,  
Professional International Hunting Guide

### SUPRA Precision Light Rifle

The SUPRA Precision Light Rifle is designed for the legions of long gun shooting enthusiasts desiring the form, fit and functionality of an AR, in an accurate, lightweight, maneuverable and entirely reconfigurable precision bolt action rifle platform. Each SUPRA rifle is hand-crafted by Ashbury's experienced ordnance team lead by USMC trained gunsmiths, armorers and proud American craftsmen using Ashbury's precision machined stainless steel actions, match-grade hand-lapped barrels, rugged and reliable triggers and patented advanced technology SABER® MRCS-AR rifle chassis. APO's SABER chassis-based precision rifles require no bedding, are low maintenance and deliver consistent sub < ½ MOA performance with factory match-grade ammunition. Custom SUPRA Precision Light Rifles are chambered in 15 different short and long action calibers and in right or left hand configurations.
